Thursday, September 4, 2025 The Westin Pasadena in California Live Conference 7:00 am - 4:05 pm 29th Annual Max R. Gaspar, MD Symposium: Zebras, Unicorns, and Black Swans: Beyond "Everyday" Vascular Surgery

Keck School of Medicine of USC

Presented By: Division of Vascular Surgery and Endovascular Therapy and the USC Office of Continuing Medical Education

PROGRAM AGENDA

7:00 am	Registration and Continental Breakfast
8:00 am	Introduction to the Max R. Gaspar, MD Symposium Series
	Kenneth R. Ziegler, MD
8:05 am	Course Overview: Goals and Highlights
	for the Day
	Kenneth R. Ziegler, MD
Session I: I	Head, Shoulders, Kidneys and Toes
	s: Sukgu M. Han, MD, MS and
	Ziegler, MD
8:10 am	Hybrid Surgical Approaches to Carotid Body Tumors
	Ariela L. Zenilman, MD
8:25 am	Questions and Answers
8:30 am	Carotid Artery Disease and Cognitive Function: Knowns, Known Unknowns, and Unknown Unknowns Tze-Woei Tan, MBBS, MPH
8:45 am	Questions and Answers
	•
8:50 am	Ex-Vivo Techniques in Renal Vascular Repair: How to, Why, and Alternatives
	Kenneth R. Ziegler, MD
9:05 am	Questions and Answers
9:10 am	The Charcot Foot: Beyond PAD and DFUs
	Laura Shin, DPM, PhD
9:25 am	Questions and Answers
9:30 am	Break
Session II:	Through the Looking Glass
Moderators	s: Sukgu M. Han, MD, MS and
Kenneth R.	Ziegler, MD
9:50 am	Problematic Arterial Anatomic
	Variants: Aberrant Subclavian Artery,
	Persistent Sciatic Artery, Etc.
	Christian J. Ochoa, MD
10:05 am	Questions and Answers
10:10 am	Median Arcuate Ligament Syndrome: Thought, Theory, and Execution Alyssa J. Pyun, MD
10:25 am	Questions and Answers
10:30 am	When Veins Attack: Nutcracker, Pelvic
10.30 am	Congestion, May-Thurner's Syndrome William M. Lee, MD
10:45 am	Questions and Answers
10:50 am	"Forgotten" IVC Filters and Vena Cava Occlusion: Treatments, Options, Alternatives Miguel F. Manzur, MD

11:05 am Questions and Answers

Invited Lecture by Gaspar Visiting Professor

11:10 am	Pediatric Renovascular Hypertension
	and Beyond- The Importance of
	Multidisciplinary Teams and
	Stakeholder Engagement
	Dawn M. Coleman, MD
11:50 am	Question and Answers
12:00 pm	Lunch Break
Session III:	Falling Up
Moderator:	Dawn M. Coleman, MD
1:00 pm	Managing Coarctation, MidAortic
	Syndrome, and Genetic Aortopathies
	in Children
	Luke M. Wiggins, MD
1:15 pm	Questions and Answers
1:20 pm	Pediatric Dialysis Access: Challenges
	and Solutions
	Vincent L. Rowe, MD
1:35 pm	Questions and Answers
1:40 pm	Vascular Tumors in Children:
	Diagnosis and Management in 2025
1.55	Dean M. Anselmo, MD
1:55 pm	Questions and Answers
2:00 pm	Vasculitides and Complications in
	Kids: The Role of the Vascular Surgeon
	Elizabeth A. Miranda, MD, MPH
2:15 pm	Questions and Answers
2:15 pm 2:20 pm	Questions and Answers Break
2:20 pm	Break
2:20 pm Session IV:	Break Into the Woods
2:20 pm Session IV: Moderator:	Break Into the Woods Kenneth R. Ziegler, MD

FACULTY

Course Directors

Keck Medicine of USC

Sukgu M. Han, MD, MS

Chief, Division of Vascular Surgery and Endovascular Therapy Professor of Clinical Surgery & Neurological Surgery Program Director, Vascular Surgery Fellowship & Residency Co-Director, USC Comprehensive Aortic Center Department of Surgery

Kenneth R. Ziegler, MD

Associate Professor of Clinical Surgery Division of Vascular Surgery and Endovascular Therapy Department of Surgery Chief, Vascular Surgery Los Angeles General Medical Center

Keck School of Medicine of USC

Division of Vascular Surgery and Endovascular Therapy, Department of Surgery

William M. Lee, MD

Clinical Associate Professor of Surgery

Miguel F. Manzur, MD

Assistant Professor of Clinical Surgery Associate Program Director, Fellowship & Residency

Elizabeth A. Miranda, MD, MPH

Assistant Professor of Clinical Surgery

Christian J. Ochoa, MD

Clinical Associate Professor of Surgery Associate Program Director, Fellowship & Residency

Alyssa J. Pyun, MD

Assistant Professor of Clinical Surgery

Laura Shin, DPM, PhD

Assistant Professor of Clinical Surgery Director, Podiatric Surgery Fellowship Program Director of the Limb Salvage Fellowship

Tze-Woei Tan, MBBS, MPH

Associate Professor of Clinical Surgery Director, Limb Salvage Research Program

Ariela L. Zenilman, MD

Assistant Professor of Clinical Surgery

Keck School of Medicine of USC

Dean M. Anselmo, MD

Associate Professor of Clinical Surgery Co-Director, Vascular Anomalies Center Pediatric Surgery Children's Hospital Los Angeles

Michael M. Bottros, MD

Clinical Associate Professor of Anesthesiology Medical Director of Pain Service and Clinical Coordinator for Pain Service-Keck Director of Pain Medicine Fellowship Department of Anesthesiology

Amir H. Lebastchi, MD

Assistant Professor of Clinical Urology Catherine and Joseph Aresty Department of Urology

Guest Faculty

Dawn M. Coleman, MD

Professor of Surgery Chief, Division of Vascular and Endovascular Surgery Duke University School of Medicine Durham, NC

Casey L. O'Connell, MD

Associate Professor of Clinical Medicine Lawrence & Janice Kelly Chair in Hematology Director, USC Gehr CURES Myeloid Malignancy Program Department of Medicine

Jennifer Rios-Sanchez, MS, LCGC

Genetic Counselor USC Cardiac and Vascular Institute Keck Hospital of USC

Luke M. Wiggins, MD

Assistant Professor of Clinical Surgery Division of Cardiothoracic Surgery Heart Institute Children's Hospital Los Angeles

Vincent L. Rowe, MD

Wiley Barker Chair in Vascular Surgery Professor of Surgery Chief, Division of Vascular and Endovascular Surgery David Geffen School of Medicine at UCLA Director, Gonda Vascular Center Los Angeles, CA

COURSE DESCRIPTION

The 29th Annual Max R. Gaspar, MD, Symposium takes place on September 4, 2025, starting at 8:00 am. Every year the Gaspar symposium explores a different topic, one chosen to be of interest to medical professionals at every level.

This year, the topic is "Zebras, Unicorns, and Black Swans: Beyond "Everyday" Vascular Surgery. Kenneth R. Ziegler, MD and Sukgu Han, MD, moderate three sessions through the day encompassing the myriad manifestations of vascular disease that exist outside the "bread and butter" diagnoses seen on a daily basis, but are important to consider and understand for the practicing professional dealing with vascular disease. There will be a special session focused on the manifestations of vascular disease in children. The first half of the day will conclude with a lecture from the Gaspar Visiting Professor Dawn Coleman, MD, Chief of Vascular

Surgery and Endovascular Surgery at Duke University. Following lunch, Dr. Coleman will moderate Session III: Pediatric Surgery .

Contributing speakers include the faculty of the Division of Vascular Surgery and Endovascular Therapy at the Keck School of Medicine of USC and guest speakers from a wide cross-section of disciplines. The program is presented by Division of Vascular Surgery and Endovascular Therapy in concert with the USC Office of Continuing Medical Education, and participants are eligible for CME credit.

EDUCATIONAL OBJECTIVES

By the end of the course, participants will be able to:

- Discuss specific management for low-frequency vascular diseases in 2025, including consideration of disease-specific specialty referral for optimal patient benefit.
- Outline and integrate approaches for detecting and accounting for unexpected anatomic variants in surgical planning.
- Assess personal competence in the evaluation, management and care of the pediatric patient in light of vascular disease with specific consideration of congenital syndromes and developmental disorders.
- Identify complicating conditions affecting the manifestation, diagnosis, and recovery from vascular disease and surgery outside of primary vascular disease diagnoses.

TARGET AUDIENCE

This course is intended for practicing vascular surgeons, general surgeons, vascular surgery fellows and residents, general surgery residents, medical students, advanced practice nurses in vascular surgery, nurses, physician assistants, vascular ultrasound technologists, medical specialists with interests in treating patients with vascular disease, biomedical engineers, medical administrators with interest in vascular surgery technologies.

ACCREDITATION STATEMENT

The Keck School of Medicine of the University of Southern California is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION

The Keck School of Medicine of the University of Southern California designates this live activity for a maximum of 6.75 AMA PRA Category 1 Credits[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The following may apply *AMA PRA Category 1 Credit(s)™* for license renewal: Registered Nurses may report up to 6.75 credit hour(s) toward the CME requirements for license renewal by their state Board of Registered Nurses (BRN). CME may be noted on the license renewal application in lieu of a BRN provider number.

Physician Assistants: The National Commission on Certification of Physician Assistants states that AMA PRA Category 1 Credits[™] accredited courses are acceptable CME requirements for recertification.

REGISTRATION FORM

29th Annual Max R. Gaspar, MD Symposium:

Zebras, Unicorns, and Black Swans: Beyond "Everyday" Vascular Surgery September 4, 2025

Early-bird price for live registration ends August 29, 2025 at 12:00 pm, PDT. After August 29, 2025: Please register on-site on September 4.

Live Tuition: MD/DO NP/PA/APP RN/AH		Early-Bird \$150 \$100 \$100	After August 29 \$175 \$125 \$125	
Students/Reside	ents/Fellows:	: 🖵 Complimentary		
Cancellation:	August 29, 2 applied. In t	2025, 12:00 pm PDT fo he event of course ca	y the USC Office of CME r a refund. A \$50 cance ncellation by conference nded. USC will not refu	ellation fee will be ce organizers, all
